Outdoor Learning Day

As part of our efforts to further develop the curriculum, we had an 'Outdoor Learning Day' led by Miss Thorniley. At various points across the day every child was out of the classroom environment, either observing places in the local area, or on the field/playground taking part in different Geography themed activities. The pupils loved the way their learning was organised and learnt so much without "doing any real work!" (Yr. 4 pupil quote).

FRPS

The Spring Fair proved to be a major success. Thankfully the weather held out for us and everyone seemed to really enjoy the event. I appreciate all the positive feedback I have received and would like to pass on my thanks to FRPS for all their hard work. The grand total raised was £2150 which will be put to good use to further enhance different areas of our school.

Reception moderation

Our Reception classes were externally moderated by the Local Authority during the month of May. I am pleased to report that they found the teaching, assessment and classroom practices of the highest quality. Well done to the Reception team!

Safeguarding - Social Media

An increasing number of parents have contacted me about safe use of different social media apps for their children. Our school website has links to a whole host of Safeguarding resources, including guides to Snapchat, Instagram and so on. To help ensure your child is staying safe online, please take the time to refer to these. They can be found by clicking on the Safeguarding link at the top right of the school's website.
