If you have stairs, go up and down in different

Maths Games

Choose a maths game to play each day.

Have a go making up new rules or inventing your own maths game.

<https://matr.org/blog/fun-maths-games-activities-for-kids/>

Take photos of it being played with your family.

Maths Scavenger HuntHow to play:

Step 1: Give children a grid with some pre-set weights and lengths on. It will then be a challenge for them to find something in the garden that is approximately 10cm long, or something in the house that weighs 300g (as an example).

Step 2: Get your child to gather all of the items they think match the weights and lengths on the card, and check how well they have done with some kitchen scales and a tape measure!

Fractions of amounts

Use raisins, grapes, sweets, or anything else you can share to help you find fractions of amounts. Share them between your dolls, teddy, etc and then have a go at drawing the bar model and sharing on there.

Year 4—Maths

Take photographs and write what you do in your book so you can show the class.

TIME:

Create a grid with days of the week to keep a record of what you were doing at different times of the day.

Coordinates

Draw out your own grid and work out the coordinates of different items you place on your grid,

Time (O'Clock, half past, quarter past and quarter to)

Telling the time on an analogue clock can be tricky. Sometimes it can be easier to learn the time by introducing one hand at a time. Make your own clock from card or paper and try telling the time to o'clock and half past, using only the hour hand.

These are just some suggestions.

There are lots of activities to do on **espresso**. Why not invent a quiz to test your friends back in school?

Human Clock:

Draw a large clock on the ground. Use Roman Numerals/ Lie down and use your hands to make the time. Can someone take photographs?

WEATHER: [\(link>>\)](#)

Draw a table to record the temperature at times of the day. Use weather symbols like the weather man on TV.

Chess/ Draughts.

Learn to play either of these games.
