

New topic: South America

Draw a map of South America and label all the countries. Perhaps you could investigate the capital cities of each country too. Can you add any other details e.g. Rivers? Mountains?

New topic: Amazon Rainforest

Research the 4 different layers of the rainforest. You could draw a picture and label it or create a flap book with some facts.

New topic: Vocabulary

Hide the topic words in a word search.

CHILE, URUGUAY, ARGENTINA, PARAGUAY, PERU, COLUMBIA, ECUADOR, GUYANA, VENEZUELA, BRAZIL, BOLIVIA, SOUTH AMERICA.

New topic: Amazon Animals

Draw or paint pictures of animals that you would find in the Amazon Rainforest. If you wanted, you could label your pictures to demonstrate how each animal is adapted to the environment.

New topic: Carnival

Design a mask which could be worn to celebrate Carnival. How else is Carnival celebrated?

New topic: Research Project

Create a PowerPoint to showcase everything you know about South America. Be as creative as you can and include as much detail as possible.

New topic: Fair Trade

Research the meaning of fair trade. Design a smoothie which is fair trade. See the picture below for ideas about how you could present your work.

New topic: Letter to High School

Write a letter to your new high school and introduce yourself. What would you like them to know about you? What are you looking forward to? Is there anything they can help you with?

Year 6

Home Learning Projects—Topic

Body Health: Healthy Eating

Read the NHS guidance on healthy snacks.

<https://www.nhs.uk/change4life/food-facts/healthier-snacks-for-kids>

Design and/or make a healthy snack. You could take a photo or draw a picture of your snack. Don't forget to review how it tasted!

Make a list of some of the foods you eat and categorise them using the Eatwell plate.

Fruits and vegetables, starchy foods, milk and dairy, fat & sugar, meats, fish, eggs and beans.

Body Health: Old Wives' Tales

Eating carrots helps you to see in the dark.

Eating the crusts on your bread makes your hair curly.

Eating cheese before bedtime gives you nightmares.

Eating fish is good for your brain.

Eating baked beans gives you wind.

Can you find any truth in these statements?

Can you disprove any of them?

Body Health: Pulse Rate

Take your pulse while you are resting. Count the beats for 30 seconds. Do 30 minutes of exercise and take your pulse again. What do you notice? Write down the effects that you can feel in your body. Keep an activity log while you are at home.

Body Health: Athletes

Research a famous athlete. Explain how they keep fit and train for their sport. You can present this in any way you like. You could also write a biography about your chosen athlete.

Body Health: Exercise

Make a poster to encourage people to try a sport. Things to include:

Which sport and why? What are the benefits of sport on the body? What does the sport involve?

What equipment is needed?

Quotes from people who have already done it.

New topic: Evolution and Inheritance

Draw a picture to show what this animal may have looked like in the past. Can you find out when it would be living? What other animals would have been alive at this time?

New topic: Evolution and Inheritance

Research Charles Darwin and create a fact file. You can present this in any way you like.

New topic: Evolution and Inheritance

Imagine you are Charles Darwin and are on an adventure on the HMS Beagle. Write a diary entry to describe your journey and findings.
